

FACES OF HAYWOOD

The staff at Haywood Health & Human Services

Left to Right: Tina Wells, RN, BSN; Nursing Supervisor Tammy Quinn, BSN, RN, NCSN;
Director of Nursing Beth Parks, RN, BSN; Heidi Lowe, Medical Laboratory Technician II (ASCP);
Barbara Dennis, RN, BSN, Communicable Disease Nurse

The staff at Haywood Health & Human Services have worked tirelessly since the beginning of the pandemic to provide information, resources, and case tracing for our County. When the Chamber approached Dr. Mark Jaben, Medical Director, about being the Face of Haywood after a series of webinars he presented for our businesses, he insisted on recognizing what he called “the heavy lifters”. These five ladies have led the charge to flatten the curve in our community. You have our unending support and appreciation for all you do.
