

“When we launched Leap Frog Tours 18 months ago, the Haywood County Chamber of Commerce gave us a tremendous amount of support and guidance. They connected us with community partners who helped us get our business off the ground, and that support has helped us thrive. We were thrilled that the Chamber named us the Business Start-Up Winner of 2017. The grant money we received from that award was invaluable to help us take our business to the next level. Leap Frog Tours is a proud member of the Haywood County Chamber.”
