

FACES OF HAYWOOD

As a member of the Haywood Chamber, I'm not just a member of an organization, but part of a team. The Haywood Chamber is committed to bringing development opportunities, business

support, and networking to your business... no matter where your business is located or how many employees you have. One of the strengths of Haywood County currently is our willingness to work together; a strength the Chamber understands and promotes. As a business owner and Mayor, this cooperative spirit,

combined with the energy of the Chamber, provides me with great excitement for our future in Haywood County.

Zeb Smathers

Mayor of Canton
