As small business owners, we have always appreciated the great "Return on Investment" the chamber provides to its members. If you consider the value of the networking, educational seminars, and advertising opportunities, it is hard for anyone to question the value of a chamber membership. The more you put into your relationship with the chamber, the more return you get for your investment. One of our successes, while owning Twigs and Leaves Gallery, includes the ability to make every dollar count. Even though belonging to the chamber can be a very social event, the bottom line should be whether or not belonging produces a positive ROI for the growth of its members. If a chamber gets it right, they will grow. We feel The Haywood Chamber of Commerce has gotten it right!
