

FACES OF HAYWOOD

As a North Carolina native I love introducing new comers to our state, especially our beautiful Smoky Mountains. I am blessed to have been able to make my home in the warm and caring community of Haywood Co. where I have been a Realtor for 16 years.

My career in real estate has been complimented by my background in both leadership and community service, while working in volunteer management with two widely known non-profits: March of Dimes Foundation and the Girl Scouts of the United States of America.

I look forward to sharing my knowledge of the area and my experience helping you fulfilling your dreams.
