

FACES OF HAYWOOD

“I am appreciative of our partnership with the Haywood County Chamber of Commerce. They have been extremely supportive in promoting and assisting with our community events in the past, such as our annual Back to School Backpack School Supply Drive. In addition, the many networking and educational events throughout the year help us stay connected and informed of opportunities here in the county. The Haywood County Chamber of Commerce plays an

instrumental role in making this county a great place to both work and live!”
